REDSKINS BEATEN BY COMMODORES

Great Surprise Uncorked in the Wonderful

SHOWING OF THE COMMODORES

The Redskins Were Outplayed from Whistle to Whistle, Vandy Playing Magnificently in the First Half—Indians Were Stronger in Second.

Nashville, Tenn., Nov. 24.—For the first time in the history of football an eastern team invaded Dixie, and this alone made the day's event important enough without Vanderbilt defeating Dixie's first invaders.

Had the Commodores gone down in defeat instead of winning the battle by 4 to 0, the game would have been the greatest ever witnessed on a southern gridiron, but the victory over the Indians, a team before the call of play conceded to be practically the champions of the east, makes Vanderbilt's win the most glorious since the organization of a football team in that institution.

However, the attendance in comparison with the greatness of the contest fell way below expectations. To put the figures at 6,000 would be exceedingly generous, yet the assemblage made up in enthusiasm what it lacked in figures.

When the Indians ran out on the field wrapped with blankets, as was the wont of their ancestors when the early tribes resided in tepees in the wild and woolly, they were greeted with cheers of just as great volume as were the Commodores, when they appeared a few minutes later.

The band which marched at the head of a horde of Vanderbilt rooters played "Hiawatha," that Indian ballad so popular several years ago, yet all of this demonstration never affected the expression of the stolid redskins, nor did it change a particle during the contest from the time they entered the game, with a starting rush, until they quitted the field, a vanquished aggregation.

Vandy took the battle purely on form, and although the feature was a surprise to thousands, and will furnish dope for many a day, Vanderbilt outplayed her opponents from whistle to whistle, and everyone is wondering just how it was accomplished.

In the first half, when the total points were turned up, Vandy had everything her own way, and the ball was in Indian territory for fully 20 minutes of the half.

After a failure at a kick from placement, Bob Blake got in the deadly work that will make his team famous for years to come. The half ended 4 to 0, and so fierce and hard fought was the play in the second that the count remained unchanged.

In this last number the Indians made a much better showing, and the Commodores were keyed to the highest tension throughout the twenty-five minutes in that desperate effort to prevent the Indians from scoring and thus make the four points already gained good. They succeeded, and the demonstration which then broke loose on Dudley field was unparalleled. At the call of time the field became a solid mass of howling students, who bore the victors in triumphant procession to the clubhouse.

The new bell that was placed in the tower of the main building began to ring a few seconds after the referee's whistle blew and the last sound that came to the ears of the thousands as they wended their way from the scene of joy, was the gladsome peals of this new bell heard blocks up town.

The battle itself was a remarkable exhibition of football, and the only thing that marred the performance were the several fumbles that broke out during the game. While all of the Vanderbilt team put up stellar work, as the score shows, that of Costen at quarterback stood out in brilliant relief. He was great at getting down the field under punts, and there were many exchanges during the afternoon, and only in few instances did he fail to nab the redskin in his tracks. While Bob Blake is one of the great heroes, the work is one of this fast quarterback figured strongly in the final result.

It can be safely said that the Commodores had it on the Indians in form in the biggest sense of the word, but there were two departments in which the eastern team showed especially strong, one of these the forward pass and the other the nice work of the ends. Vanderbilt could do nothing on end plays, but made all those substantial gains of 5 and 10 yards through the line, which was easy for Manier and his mates.

This young star stormed the Indian bulwark as if it wree not there, and usually made a gateway with enough to count. Not a fault could be found with the work of the other Commodores, but Bob Blake, Manier and Costen were on with the real article.

Bob Blake excelled the great Mount Pleasant as far as goal kicking proclivities are concerned, for the Indian halfback broke down on an attempt that might have made good. This member of the Blake family was not alone in outplaying the Indians for no matter if the opposition fixed Minnesota 17 to 0, and performed other notable stunts, the whole team of southern college has it on th Indian bunch without doubt.

Coach McGugin was overjoyed with the outcome, and Hurry-Up Yost, from far-off Michigan, was with him in the gladsome frame of mind.

Vanderbilt has worked out an achievement that no other southern nor many of the teams of northern habitation have been able to do, and all honor is due McGugin and his men.

The victory is sure to change football history and hereafter Vanderbilt will be feared in the dope anyway, all over the country, let Harvard, Yale and other big ones be what they may.

NEGRO FORCED TO LEAVE COURT

Because He Obected to Lawyer's Remarks About Vagrant Blacks.

Knoxville, Tenn., Nov. 24.—Hearing testimony in the alleged peonage cases of R. B. Oliver and others was concluded in federal court here and argument was begun.

General J. R. Penland, United States district attorney, opened for the prosecution, speaking one hour. He said this was the first time in the history of the state that such a case had come to trial. J. H. Frantz opened for the defense, making an able speeech.

During a vigorous arraignment of the vagrant negroes, Mr. Frantz was interrupted by a negro who was sitting in the court room. The negro protested against Mr. Frantz's declarations. Judge C. D. Clark, presiding, ordered the negro removed, which was done. The incident created a furor, and it was some time before quiet was restored.

Attorney Frantz explained he meant no reflection upon negroes as a whole but upon the vagrant class, which were a nuisance to the negroes as well as the white people.

Brooklyn Bridge is Safe.

New York, Nov. 24.—Mayor McClellan, Bridge Commissioner Stevenson, and Chief Engineer Ingersoll, of the bridge department, united Thursday in saying that the Brooklyn bridge was entirely safe and able to bear a much larger load than it has had to carry. It seems that General Manager Calderwood, of the Brooklyn Rapid Transit company, to whom was attributed the story, did not mean to convey the impression that the bridge was in danger of collapsing, but he was afraid that they could not run any more trains of cars on the bridge without danger of accidents such as collisions and derailments.

Contract for Ship Service.

Victoria, B. C., Nov. 24.—A private dispatch from Mexico City says the contract for the British Columbia-Mexican steamship service was signed there Thursday. Canada has already signed the contract. The line will be established in March with monthly sailings by W. Simons & Co., of Liverpool.

Shorn of Honor and Life.

Dayton, O., Nov. 24.—The dead body of Miss Dona Gilman, 20 years of age, was found in a clump of bushes near her home. The girl's body bore marks of criminal assault.

STREET CARS STOPPED BY CITY OFFICIALS

Because Street Car Company Refused to

OBEY NEW "JIM CROW" LAW

General Manager of Car Company and a Score of Employees Were Arrested, But the Matter Is Temporarily Settled by Injunction Against City.

Montgomery, Ala., Nov. 24.—Because of the refusal of the Montgomery Traction company to obey the new "Jim Crow" law, every car operated was stopped Friday morning by the arrest of the motormen and conductors.

Soon the streets were filled and traffic stopped altogether. The first man arrested was General Manager Ragland. Within an hour there were a score of employees at the police station and the docket was crowded with their names.

Mayor Teague is opposed to the law which was passed over his veto, but is enforcing it to the letter. It requires that every car shall carry either whites or blacks exclusively and be labeled "white" or "colored."

The car company asserts that it is impossible to obey the law, as they have not enough cars.

Those who were forced to get about the city had to walk or hire hacks.

After a delay of an hour an injunction was granted by the city court on the ground that the law could not be kept and traffic, after a long delay, was resumed. It proved to be one of the most intense developments of the race question for many years, although there was no conflict and no sort of bloodshed.

Eighty New Prisoners

Atlanta, Nov. 24—According to information received at the federal prison every arrangement has been made to accommodate and receive some 80 new prisoners who are expected to arrive at the penitentiary. While it was not stated from what point these men would be received, it is generally believed that there will be at least one party from the big prison at Columbus, O., where Uncle Sam boards so many of his prisoners with that state institution, while it is also believed that there will be other prisoners who will arrive from Oklahoma and the Indian Territory. Among these latter are generally quite a number of Indians who are sent to the federal prison in that they have no state institution. There are now some 435 prisoners at the penitentiary in south Atlanta, this number being much smaller than usual.

General Manager of Q. & C.

Cincinnati, Nov. 24.—It was announced here Friday that Horace Baker, general superintendent for the southern district of the Missouri Pacific, with headquarters at Little Rock, Ark., has been appointed general manager of the queen and Crescent railroad system, to succeed W. Garrett, who recenly resigned to accept the vice presidency of the Seaboard Air Line.

Southern German Methodists.

Waco, Tex., Nov. 24.—With Bishop Luther Wilson, of Chattanooga, Tenn., presiding, the Southern German Methodist conference composed of the state of Texas and the city of New Orleans, is in session here. The conference will continue until Sunday. Educational matters, reports of preachers and much other business will be transacted.

Exclude Bulgarian Jews.

Bucharest, Roumania, Nov. 24.—As a reprisal against the Bulgarian government's decision, adopted some time ago, not to admit Jews into Bulgaria, no matter whence they came, Roumania has now adopted a measure to prevent Bulgarian Jews from entering Roumania.

Pan Pacific Exposition.

Honolulu, Nov. 24—The promotion committee has arranged to hold a Pan-Pacific exposition in this city next year.

RESPITE GIVEN FOR SINGLE DAY

Hangings of Rawlings and Moore To Be Postponed.

Atlanta, Nov. 24.—J. G. Rawlings will be hanged Tuesday, December 4, instead of Monday, December 3.

Alf Moore will be hanged on Tuesday, December 4, instead of Friday, November 30.

Governor Terrell signed an order respiting Rawlings for one day and Alf Moore for four days.

This action was taken in deference to the requests from ministers and others who will attend the south Georgia conference which will be in session in Valdosta Nov. 28, to Dec. 3, adjourning on the night of the latter day.

Thus the murderers of the Carter children will get brief respites because of the sentiment in Valdosta and among the ministers against two hangings taking place while the conference is in session.

Following these hangings the prison commission will meet on Dec. 5 or 6 and decide the fate of the two boys, Milton and Jesse Rawlings, in whose behalf strong appeals for executive clemency have been made.

Police Chief Shot to Death.

West Point, Ga., Nov. 24.—Jamie S. Johnson, a merchant of Lanett, Ala., shot and instantly killed Chief of Police J. W. Jones, in Lanett, Thursday afternoon about 4 o'clock. The shooting took place in front of the Lanett Company's drug store. Nothing is known as to the cause of the tragedy.

Johnson gave himself up to the city marshal, but, fearing that the friends of Jones might attempt violence, he requested that he be sent to the county jail at Lafayette, which was done. Mr. Jones had been on the police force for four years, and was a very efficient officer. Mr. Johnson is a son of E. C. Johnson, ex-treasurer of Chambers county, and is prominently connected.

They Killed Each Other.

Dublin, Ga., Nov. 24.—Charlie Gardner, a white man, and a negro, whose name is unknown, shot and killed each other at Mr. Cicero Beachman's mill, near Rockledge, a few miles below Dublin. After quarreling the day before they met, when both caught the other by the shoulder with the left hand and placing their pistols to the other's breast, fired three shots. The negro fell dead, but Mr. Gardner lived about an hour. His home is in Bainbridge Ga.

Vessel Lost With 14 Men.

Quebec, Nov. 24.—A vessel, supposed to be the bark Magdo, has been lost on Red Island reef with all on board. She carried a crew of 14 men. When she sailed from Quebec she carried as pilot Charles Pelletier, of St. Michael. Pelletier has not been landed anywhere and, unless he has been carried to sea, the indications are that it is the Magdo which struck on Red Island reef and that she went down with all on board.

$4,000,000 Still on Hand.

San Francisco, Nov. 24.—With $4,000,000 still on hand to be devoted to the relief of the refugees, it is stated that the relief committe has held several executive sessions to determine what shall be done with this money. It is claimed by the directors of the relief work that the necessity for such work has passed except such cases as can be taken care of by the regular charity organization.

Man's Name His Death Knell.

Marksville, La., Nov. 24.—Jules Chatelain was shot and killed by a negro who met Chatelain accompanied by two companions on a public road. The negro asked the trio if one of them was named Chatelain, and upon receiving his answer, blew off the top of the head of the man indicated as Chatelain.

More Wages or We Strike.

Fall River, Mass., Nov. 24.—The five unions of cotton mill operatives at special meetings voted by large majorities to reject an offer of a 5 per cent advance in wages, and to go out on strike next Monday morning, unless the demand for 10 per cent increase is granted before that time.

TEDDY CRITICISED BY CHICAGO BLACKS

For Discharging Negro Troop Involved

IN BROWNSVILLE, TEX., RIOT

Negroes Declare that Chicago Will Take One of Discharged Companies and Support It Until Roosevelt See Injustice of His Order..

Chicago, Nov. 24.—Two thousand negroes in Bethel African Methodist Episcopal church on Thursday night severely criticised President Roosevelt for discharging the three companies of negro troops involved in the Brownsville, Tex., riots.

In a personal letter to the president and in resolutions addressed to the war department, the mass meeting urged the recinding of the action.

As an indication of the depth of their feeling in the matter, the spokesman of the negroes declared that Chicago would take one of the companies and support it here until the president comes to see the injustice of his step.

Resolutions were adopted deploring the forthcoming visit of Senator Benjam Tillman to Chicago, but calling upon Chicago negroes to control themselves during the event.

23 Sailors Lost in Storm.

Buffalo, N. Y., Nov. 23.—The storm of Wednesday night and Thursday on the great lakes caused a heavy loss of vessel property and 23 lives. The barge Resolute sank off Toronto and six men were drowned. The barge Athens is probably lost off Sandusky, O., with eight men. All hope for the Athens, however, has not been abandoned and tugs are scouring Lake Erie for her. This is the list of the losses: The Hurlbutt, stranded on Lake Erie the C. B. Hill, beached on Lake Erie the Athens, missing, Lake Erie the Puritan, aground on Lake Huron the Comfort, sunk in the St. Claire river; the Conemaugh, stranded on Lake Erie; the Pratt, damaged by storm, Lake Erie; the Resolute, foundered off Toronto; the Pere Marquette No. 16, stranded on Lake Michigan; the schooner Pailashore, Lake Michigan; steamer Taylor, missing, Lake Michigan.

Crapsey Contradicts Reports.

New York, Nov. 24.—Rev. Algernon S. Crapsey, of Rochester, whose suspension for heresy (which has ben confirmed by the Protestant Episcopal court of review, came to this city Thursday with the intention of consulting with Edward M. Shepard, of his counsel. Dr. Crapsey contradicted a report that he would apply to a civil court for a mandamus, taking the ground that the ecclesiastical court which convicted him on the heresy charge was illegally constituted. It is probable that after consultation with Mr. Shepard Dr. Crapsey will issue a final statement on the case. Such a statement, however, will not be made public until next week.

Police Arrest Incendiary.

New York, Nov. 24.—Walter Finney, 23 years old, who, it is declared, has informed them that he has a mission from the Lord to "cleanse and chastise by fire," was arrested Friday charged with the series of fires which created consternation and did considerable damage in the vicinity of Twenty-third street and Eighth avenue early today. The police say that Finney confessed that he set one of the fires and that he was present when some of the other houses were burned. He is also at numerous fires in the vicinity of West Side within the past few weeks.

Returns to Salvador.

Washington, Nov. 24.—Dr. Rosa Pacas, the recently appointed minister to this country from Salvador and Honduras, has returned to his home in Salvador. He remained here only a short time after presentation to the president and secretary Root and it is reported in diplomatic circles that he will be back to Washington.

BIG FIRE AT SAMPSON CITY

Wolfenden & Co's. Big Crate Factory Burned to the Ground.

THE LOSS WAS VERY HEAVY

This Plant, Which Was One of the Largest in This Section of the State, Employed a Large Force, and Was of Great Commercial Value.

The big crate and basket factory of Wolfenden & Co., Sampson City, was burned to the ground at 8 o'clock Saturday morning, which entailed a loss of from $10,000 to $15,000, including mill and stock.

The origin of the fire is not known, but it was supposed to have originated from some burning trash in the mill yard.

The Wolfenden mill was one of the largest in this section of the country, and employed a large number of hands. The products of the mill were shipped from one end of the State to the other, and inasmuch as the season had just practically started, the loss will be a severe one to the owners, and prove a serious inconvenience to shippers who had filed their orders early, and who must depend upon the manufacturing of crates and baskets for the shipment of their truck.

It was not learned whether there was any insurance on the plant or not.

LETTER FROM TAMPA.

Alachua County, in All Exhibits, Coming Out in Fine Shape at Fair.

Editor Sun: While waiting for Vice-President Fairbanks' coming to make a speech to the children of the State, as this is "School Exhibit Day," I will hand you a line or two about the Fair.

Alachua county is ahead so far in everything.

The stock won first prize, as you probably know.

Manager Callison was busy all day reading complimentary telegrams from him from everywhere.

Chickens, goats, pigs, etc., represent what can be raised in Alachua county. Chickens might have been improved in numbers.

The display in Agricultural Hall can not be beaten. It is immense. We are the banner county, and expect the championship prize.

Alachua county in the Woman's Department is considerably the prettiest in the building. The fancy work is equal at least to any of the others. The display is varied and neatly exhibited. Thanks to our ladies of Alachua county, especially of Gainesville, who so kindly aided us in this particular feature.

The art department is well represented in the oil paintings, burnt work and relics.

The Gainesville High School stands at the head in the school building exhibit. The work is beautifully exhibited from the lowest to the highest. The other counties have been at work. It is instructive, as well as enjoyable, to go through each exhibit.

Florida is a great State; many of the counties have special features very attractive.

Time will not permit of a more extensive account at present.

Am sorry you have had nothing from us before. We are proud of Alachua county. MRS. W. H. PALMER.

Delightful Straw Ride.

A number of young people enjoyed a straw ride and a delightful evening at the home of Mr. and Mrs. W. A. Strickland, Paradise, Friday night.

The young people comprising the party were chaperoned by Mrs. W. P. Gidley and comprised the following: Misses Sweetser, Baird, Fielding, Davis, Crawford and Evans, and Messrs. Baird, Kennedy, Dickerson, Carlisle and Thomas.

The young people spent an enjoyable evening at the cane grinding, after which they bade a pleasant good-bye to the clever host and hostess and returned to their homes.

THEY LIKE THE JUDGE.

Jurors for Week Pass Resolutions Complimentary to Judge Palmer.

The jury of the circuit court for the term just closed, appreciating the service and rulings of Judge Palmer, have passed the following resolution:

"We, the undersigned members of the petit jury of the Eighth Judicial Circuit of Florida in and for Alachua county, for the week ending November 24, desiring to express our thanks and high appreciation of the complimentary way in which we were discharged by His Honor, Judge Bascom H. Palmer, which it was our honor to serve, and while we feel that we are not deserving of any such praise as Judge Palmer saw fit to give us, we also feel most grateful to our presiding Judge for the words of praise and commendation he saw fit to bestow upon us.

"We wish to say further that we have been very favorably impressed with Judge Palmer, not only on account of his ability as an able jurist, but also because of his firm, fair and impartial rulings upon all motions coming before him, as well as his plain and carefully worded charges to the jury.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

Lost Boy Is Wanted.

Lost Boy—J. Sam Beggs, sixteen years of age, rather small and round-shouldered, was dressed in knee pants of greyish texture, greyish overcoat, blue cap, shirt and tie. Left Chattanooga, Tenn., on the evening of November 1, since which time no trace of him can be found. Bright and intelligent, but not strong. Guilty of no known wrong doing. His mother is crazed with grief over his disappearance. Any person finding such a boy will kindly care for him and notify J. Doxon Beggs, 814 Broad street, Chattanooga, Tenn., when all expenses will be paid. (Odd Fellows take notice). State papers please copy.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

ECZEMA SKIN RAW AND FEVERISH-ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S.S.S. PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

THE DAILY SUN, 10c a Week

AN INTERESTING LETTER.

Veteran Shepherd is Grateful for Entertainment in Gainesville.

Editor Sun: I want to express my gratitude to the people of Gainesville—yes, I say that word cannot express my love for the untiring energy they have gone through with to honor the old gray-clad Veterans, who, for four years, fought like demons for their homes they so dearly loved. This I say, that our mothers, sisters and wives were as brave as any soldier that walked upon the battlefield, and deserve their share of the credit, who, with the white card-spun and wove clothing for themselves, worked in the field for their bread and spun the homespun dresses they so gracefully wore. But, thanks be to God, our children and grandchildren are as brave as their mothers, who have taken up the line of march, carrying onward every year to assemble at some place to give their fathers and grandfathers and all who so nobly discharged their duty in that war, a welcome to their homes.

The Daughters and ladies of Gainesville won the heart of every Veteran who was there. Their untiring energy cannot be forgotten.

There was never a time in Gainesville that the hall was so richly displayed as was on Wednesday night. The daughters and granddaughters who so gracefully decorated the hall to commemorate that occasion will never look more like angels till they appear at the throne where angels revel.

No tongue can tell the joy I had with the people of Gainesville. I'll never meet them any more on that occasion—our ranks are falling.

Our ranks are growing thinner every year, but the beloved Daughters will keep in memory for many long years after we are laid under the cold clay.

There were Mrs. McCreary, Mrs. Taylor, Mrs. McKinstry, that I know, and others I don't know who were equally as tireless. If there was any who did not enjoy themselves, it was their fault.

I tried to shake hands with every Veteran there. I could laugh with them, and shed tears of joy and of sorrow. Nearly forty-two years since we parted on the battlefield. Many of them have fell asleep since the last reunion. When I returned to my home, where I live alone, thinking about the Gainesville people, how much interest they had taken for the welfare of the Veterans, neither sparing labor or money, I could not help weeping. I would like to hear from any of them who feel disposed to write me.

New York, Nov. 24.—The French government has retained Charles M. Jacobs, of this city, who designed the Pennsylvania railroad tunnels unthe North and East rivers, to prepare plans for a tunnel to be built under the Seine from Ruen to Havre. The French tunnnel will have two railroad tracks. It will be about a mile in length. The cost of construction is estimated at between $10,000,000 and $11,000,000. It is to be modeled after the North river tunnel here.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Blamed for Collision.

Cherbourg, Nov. 24.—The preliminary investigation made by the captain of the port into the cause of the collision Wednesday night off this port between the North German Lloyd steamer Kaiser Wilhelm der Grosse and the British Royal mail steamer Orinoco, seems to establish the fact that the former vessel should have heeded he Orinoco's signal that she was going to starboard of the German ship.

SENSATIONAL IS TESTIMONY.

In Federal Court on Peonage Case of Jackson Lumber Co.

Pensacola, Fla., Nov. 24.—The taking of testimony in the United States court in the famous case of conspiracy to commit peonage, charged against Manager W. S. Hartan and others, of the Jackson Lumber company, ceased Thursday afternoon consuming more than a week.

The testimony was in rebuttal and the movement brought out in some of its strongest witnesses, who gave additional information on the line of latter told him he was after foreigners, while the defense also made a strong showing in rebuttal.

M. Bargenier, a section foreman living at Crestview, was one of the principal witnesses, relating how he had talked with C. C. Hilton and the latter told hi mhe was after foreigners who had run away and he then had one in custody. Witness threatened to have Hilton arrested if he did not give the man his liberty, and Hilton claimed he had a right to come into Florida after the men, as they owed the Jackson Lumber company money.

A. C. Kemp, a farmer, related how he was at the camps one day and saw "Big Harry," a foreman, accompanied by another man, go into a barn, and witness, looking into the barn, saw a foreigner strapped with a rope around his neck, and he heard "Big Harry" tell him to say his prayers.

The defense introduced witnesses in rebuttal of both of these witnesses, and after this the arguments began.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

GAINESVILLE, FLA.

The fair weather friends always come in bunches, but the friends that come during adversity are miles and miles apart.

A society woman has just disinherited her son for marrying her maid, and yet the poor fellow may have been just trying to keep her in the family.

Don't teach your children that it is a shame to wear worn and patched clothes if you are not able to afford better, but that it is no honor in wearing new ones that are not paid for. A poet said: "Remember, that rags may cover a boy who will some day be the great world's joy."

In its campaign against child labor the Anti-Child Slavery League sent investigators into the Pennsylvania coal fields. A typical instance of child oppression is described in the September Woman's Home Companion. Little Peter Swambery had been working during the summer since he was twelve years-old, and constantly for two years since he was fourteen years. On March 2d, while working, his arm was caught in the belt of the scraper line of which he was in charge in the breaker, and torn out of the shoulder. The boy received no "damages" from the company, but considered himself under obligations to them for paying the expenses of his operation and care at the hospital. Inquiry was made at the City Hospital in Wilkesbarre, and it was learned that no charge was made because the company was an annual contributor. And now, with an empty sleeve at sixteen, this little industrial soldier, with no compensation from our government nor one cent of recompense from the rich corporation into whose coffers his right arm was mined, has left to him what should have been his by birthright—such opportunities as the little village school affords. And that region goes on feeding the little boys to the coal-breakers!

The editor of November Success gives a "Chat" that every young man in the country ought to read and read again. He declares that nowhere on the globe is Mammon worshipped so universally as in America. He further asserts that the reckless pursuit of money is the great American curse. In no other country in the world is there the same temptation to coin all of one's ability, energy, education—everything—into dollars, as in America. Isn't it a pitiable sight to see young men trying to turn a college education into money, selling the ideal to the highest bidder, putting up at auction their ability? Everything, now-a-days, seems to be coin. Waiting for the ideal seems to be a lost art. Everywhere we hear the question: "How much money can I get for my picture? How much royalty for my book? How much for my story? How big a salary can I get for my education?" "Will it pay?" is written upon everything. The transforming power of money the moment it gets into a man's possession is one of the unsolved mysteries of the universe. Of course we know that the poison of avarice and greed is in the character, and not in the money; but it is unfortunate that the possession of money seems to develop, to bring out, some of the worst human qualities—qualities which never develop in poverty.

CREDIT TO WHOM CREDIT IS DUE

The following dispatch, under a Tallahassee date line of November 21, appeared in The Times-Union of the 22d inst.:

Hon. J. O. Wright of Washington, a special representative of the United States Department of Agriculture, arrived here Monday night to confer with Governor Broward and the other trustees of the Internal Improvement Fund relative to having exhaustive surveys of the Florida Everglades made by engineers of the Federal government.

Col. Wright's present mission is preliminary to the great work of surveying the 'glades. He comes to the State capitol to familiarize himself with all accessible records, and to acquire whatever information the trustees may be able to supply. With this in hand, his engineers will take the field in the Everglades and complete surveys will be made so thorough and comprehensive that they will forever set at rest the mooted questions as to the feasibility and cost of reclaiming that vast region, as well as its probable agricultural adaptability and value when drained. It is a great work and may require several years for completion.

A casual reading of the above would leave the inference that this survey is to be made at the instance of Governor Broward and the Trustees of the Internal Improvement Fund; that they are entitled to the credit of securing this much-needed survey by the general government and without expense to the people of Florida.

This is not true. The entire credit for this work is solely due to the efforts of Hon. Frank Clark, member of Congress from this district. When Governor Broward's proposed drainage amendment to the constitution of Florida began to attract the attention of the State, and the Governor had commenced his campaign for its adoption by the people, Mr Clark, believing that the State would not undertake this great and expensive work without first ascertaining these things, viz: The practicability of drainage, the cost of drainage, and the probable value of the lands after drainage, and realizing that these three things could only be ascertained definitely and intelligently by a complete and accurate survey, went in person to see Mr. Wilson, Secretary of Agriculture, and appealed to him to have the survey made, at the expense of the Federal government, by the competent corps of engineers in his department.

Secretary Wilson promised Mr. Clark, both orally and by letter, to do this, and it will be remembered that the Secretary's letter to Mr. Clark was published generally by the newspapers of the State during the late campaign.

We are making this statement in the interest of the truth of history. Mr. Clark is entitled to sole credit for this proposed survey, which was the only sensible thing to do before agitating the question of drainage at all.

Occasionally one will hear the remark, "I wish I were out of this town," and then one feels like saying, "I wish you were," for a man who stands on the street corners chewing and spitting, telling obscene stories, cursing the town, finding fault with his grandmother because she was a woman, claiming that the merchants are a lot of thieves, that the lawyers and newspaper men would skin a man to a finish, and a whole lot more, is a nuisance and an abomination. Any town pestered with one or more such worthies would be justified in exercising cowhide authority on the bosom of their pants. No one is obliged to live where he is not suited. If one hasn't an encouraging word for the business enterprises and institutions of his town, he should shut up and "go 'way back and sit down." If things don't suit you, move to where they will. A growler and sorehead in a town is an enterprise killer every time. It would pay a town to donate him $5 and tell him to move.

SERMONETTES

The soul best discovers itself in the eyes of another.

For you there is no beauty deeper than your dream.

The social man is the man who knows how to share.

The fellow that's satisfied has already begun to shrivel.

One can hardly compute the effects that flow from resentment.

The man who gets "mad" hands over his best weapon to his enemy.

The narrow view of life makes any man unworthy of his possibilities.

It is to be hoped that you are preferred stock in the human market.

It is possible to get a copper cent so close to the eye that you can't see a dollar.

Merit is not all of it. Appearances count for much when a man's on the block.

What most men need is a compelling enthusiasm that will stir their deepest self to action.

It is better to say, "This one thing I do perfectly," than to say, "These forty things I dabble in."

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

NEGRO CHARGED WITH ASSAULT.

Will Johnson Indicted by the Grand Jury Thursday.

Atlanta, Nov. 24.—Will Johnson, the negro in the Tower on the charge of having criminally assaulted Mrs. Georgia Hembree at her home near Battle Hill last August, was indicted Thursday by the grand jury for that offense.

Johnson was also indicted for two burglaries, one from the house of Mrs. Jessie Woodlee, the other from the home of Bill Jefferson, an old negro, who resides near Mrs. Hembree's home.

Peter Gilbert, the son-in-law of Joe Glenn, the negro who was acquitted of the charge of having criminally assaulted Mrs. J. N. Camp, was indicted for simple assault. The negro is charged with having laid violent hands upon Mrs. Elizabeth Huggins in her turnip patch about three weeks ago.

Johnson will be brought to trial in the superior court, before Judge Roan early next week, at which time the case of Gilbert will also be taken up.

After returning 44 true bills and one "no bill," the grand jury adjourned subject to call.

Sixty People Lose Their Lives.

Chatham, N. B., Nov. 24.—More than half a hundred lives were lost and nearly a score of vessels were swept to destruction on treacherous reefs and sand bars of the gulf and river St. Lawrence during the season of navigation now drawing to a close. Of sixty persons who perished in these waters within the past year, nearly 50 were lost this month, the most disastrous in the several years. The financial losses aggregate a quarter of a million dollars. The majority of those who perished were lost from square-rigged vessels of foreign register.

Negro Barnett Put Off Bench.

Chicago, Nov. 24.—Ferdinand L. Barnett, the negro assistant state's attorney, who, according to the returns was elected judge of the new municipal court at the recent election, has been unseated by the canvassing board. The election returns gave Barnett a plurality of 499, but the official count of the 35 wards of the city, which was completed Thursday, show that Thomas B. Lantry, Democrat, was elected by a plurality of 304. Barnett was the only Republican defeated for a city office at the election.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Many Witnesses Examined.

Herkimer, N. Y., Nov. 24.—With the second week of the trial of Chester Gillette, charged with the murder of his sweetheart, Grace Brown, drawing to a close, the prosecution has yet many witnesses to examine before the state's side of the case is closed. When the court adjourned Thursday night the district attorney had not carried his story along to the finding of the girl's body in Big Moose lake. After that point has been reached, there will follow the technical testimony of the physicians who performed the autopsy.

INTEREST IN GILLETTE TRIAL.

Great Crowds of People Attend Trial at Herkimer, N. Y.

Herkimer, N. Y., Nov. 23.—There was another great crowd of women and men waiting Thursday morning for the doors of the old-fashioned Herkimer county court house to open for the continuance of the story of the love of Grace Brown, of Cortlandt, for Chester Gillette, of the death of the girl, and, lastly, the trial of Gillette for her alleged murder.

When the court session closed after dark last night, the chain of evidence presented by the prosecution had reached the point of the story where Gillette was at Arrow Head on Fourth Lake, after the fateful boat ride with his one-time sweetheart or Big Moose lake.

Exactly what the defense will be has not yet been disclosed. Those who have been following the trial closely incline to the suicide theory, and it is said Gillette's counsel have a score of witnesses. They maintain absolute secrecy on the subject.

When court convened Gillette walked briskly to his seat beside his counsel. He carried a notebook and a pencil with him and while the first witness was testifying, made several notes.

The witness was a porter at an Arrow Head hotel, where Gillette went the night Grace Brown disappeared. He gave little new information.

FIRES CAUSED EXCITEMENT.

Six Incendiary Fires In New York City.

New York, Nov. 23.—Six incendiary fires caused intense excitement in the vicinity of Twenty-fourth street and Eighth avenue early Thursday morning.

One woman was so severely injured that she may die, hundreds of lives were enddangered and thousands fled to the strets in fear.

The financial loss is comparatively small. The determination of the firebug to make complete work is illustrated by the conditions at 235 W. Eighteenth street. This is an apartment house occupied by 24 families. When one of the tenants was aroused by the odor of burning wood the corridors were filled with stifling smoke. The gas had been turned off at the meter in the cellar and the frantic tenants were forced to feel their way through inky dark room and hallways.

When the firemen reached the house the fire escapes were crowdd with half-naked men and women and children. So closely were they packed on the platforms that it was impossible for any of them to make their way down the iron ladders. All of them were taken down by firemen.

It was here that the woman, Mrs. Carnemi Arnold, was injured. She fell while trying to climb over the fire escape railing and was terribly hurt.

Great Britain Excludes Chinese.

London, Nov. 23.—The first attempt to exclude Chinese from landing in Great Britain is now occupying the attention of the immigration board. Thirty-two Chinese from Hong Kong who arrived at Graves on their way to Liverpool where they had been engaged to work in laundries, were refused permission to land, the immigration office basing their refusal on the lack of means of support of the Chinese. The case was appealed to the immigration board and after consideration decision was postponed, the chairman of the board pointing out that this was the first case under the law and one of great importance.

Complain of Ruinous Prices.

Manila, Nov. 23.—The sugar planters of Negros Island, which, ordinarily is the richest producer of that staple in the Philippine group, complain of ruinous market prices. The planters are on the verge of bankruptcy and many are borrowing at the highest rate of interest in order to continue in operation hoping that the market will improve.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Court Concludes Case.

Jefferson City, Mo., Nov. 23.—The supreme court Thursday concluded the suit brought by Attorney General Hadley to oust the Delmar Jockey Club from the state by issuing a writ of ouster. Last summer a decision was rendered by the court that the club had violated its charter by allowing betting on the races after the repeal of the Breeder's Law. Attorneys for the club filed a motion for a re-hearing, and the case has been kept in court. Today's decision, it is said, is final.

Mi-o-na the Only Stomach Remedy They Sell in This Way.

The guarantee given by J. W. McCollum & Co on Mi-o-na stomach tablets means something.

It is their personal promise that they will refund the money in case Mi-o-na does not do all that is claimed for it in curing indigestion, strengthening the whole digestive system and restoring the health of those who use it.

If the head aches, if the back and side are painful, if there is distress and nausea after eating, if you are sleepless, nervous, and out of sorts, you can with perfect confidence get a 50-cent box of Mi-o-na from J. W. McCollum & Co. knowing that the remedy will cost you absolutely nothing unless it gives you freedom from all ills and pains and restores you to health.

No one thing is the cause of more suffering and pain than indigestion. Many cases of so-called kidney disease, heart trouble and nervousness are only different ways in which a weakened digestive system shows itself.

Use Mi-o-na stomach tablets and your ill health will soon be gone, and you will forget that you have ever had indigestion or its resulting ills.

J. W. McCollum & Co. can tell you of their customers who have been restored to health by the use of this remedy, but the best evidence of their faith in its powers to cure is the positive guarantee they give with every package, something that they do not feel like giving with any of the other stomach remedies they have in their store.

Accidental Shooting.

Information has reached this city of the death of William Bell, a negro man employed by the Southern Bell Telephone Company, which occurred by accident at Micanopy Friday.

Bell, who is one of the linemen, was fooling with a pistol, which was accidentally discharged. The ball entered his abdomen, and from its effect he died within a short time.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

Hired Gun and Killed Man.

Americus, Ga., Nov. 24.—Borrowing 50 cents with which to hire a shotgun, Linwood Sapp thus armed, hunted up John Williams and shot him. The wound will probably result fatally. Both are negroes. Williams was a hard working, industrious employee of the ice factory.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at all druggists'.

Newbro's Herpicide

BE ATTRACTIVE

Pretty hair is a necessary aid to attractiveness, and every woman can have pretty hair if she will make an intelligent endeavor in that direction.

Neglect of the hair is the greatest enemy of hair beauty, and those who continue to practice neglect seldom fail to lose attractiveness.

Just as soon as the natural glossiness of the hair begins to fade, it shows that there is trouble in the scalp and that dullness, brittleness and lusterlessness of the hair will come and be followed by dandruff, itching scalp and falling hair.

An invisible vegetable growth (the dandruff germ) in the scalp causes dandruff, and the disease is both contagious and progressive. It requires prompt and continued attention to overcome it and keep it out of the scalp. Newbro's Herpicide will accomplish all this when it is used intelligently. Herpicide will not perform miracles; it will not force you to abandon whatever unsanitary habits are responsible for your scalp trouble, but by its effectiveness it will aid you to have the beautiful hair that Herpicide users are noted for. It stops itching of the scalp almost instantly.

MORE MEN AND WOMEN HAVE GOTTEN POSITIVE RESULTS FROM THE USE OF NEWBRO'S HERPICIDE THAN FROM ALL OTHER HAIR REMEDIES COMBINED.

At Drug Stores—Send 10c in stamps to THE HERPICIDE CO., Dept. L, Detroit, Mich., for a sample.

Tow Boat Destroyed by Fire.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.
